

polytec

EVOLUTION range

Create your look

Style the vertical surfaces of your kitchen with the latest European finishes using **polytec's** extensive **EVOLUTION** range. Created just for doors and panels, you can blend unique textures, tones and finishes to achieve a contemporary look. Mix warm colours with cool accents, and matt surfaces with a glossy finish. Choosing from the **EVOLUTION** range enables you to achieve a truly leading edge kitchen design.

Today's kitchen is about individual style and taste. Tall cupboards featuring timber grains or silky finishes that

stretch from floor to ceiling provide the perfect backdrop for your choice of ultra glossy or matt doors and drawers.

The **EVOLUTION** range is a collection of **polytec's** leading and most innovative ranges - **LEGATO**, **RAVINE** and **CREATEC**. Designed to be complementary, these ranges allow you to infuse your kitchen with the latest colours and finishes.

polytec's **LEGATO** range features a super matt, non reflective finish. This subtle, understated look is imbued with lighter, timber tones and delivers a fresh, refined presence.

polytec's RAVINE range boasts wood grains embossed with a raw linear texture and underscored by warm and inviting shades.

polytec's CREATEC range allows your kitchen to shine. Its ultra high gloss surface delivers sharp lines and a polished, sophisticated finish.

Blend your choices to capture the latest design trends and style your ideal kitchen.

Visit www.polytec.com.au for specific care and cleaning information. Darker colours will show superficial wear and tear more readily than lighter coloured surfaces and require more care and maintenance.

The colours and details shown in this brochure are to the highest standards in printing. However, they should only be used as an indication of actual product colour. To order your free colour sample visit www.polytec.com.au

The use of our current colours samples gives the colour and finish that a customer would expect to receive. **polytec** does not guarantee exact colour matches across product ranges due to colour variation in each product group.
